

# Canyons

Kt Tunstall

Hey, what do you say?  
We don't chase the rabbit  
Down underground, out of sight  
Numbing the senses subterranean  
Oh, and these chains, glistening gold  
They hold in the habit  
Is there a way I can go?  
Travel a new path through the undergrowth?

Daylight  
I can see the sky is awake now  
Making its way to the horizon  
Meanwhile  
I can feel something is changing  
In the canyons  
In the canyons

Oh, dear brain  
Keeping me cold in a holding pattern  
Over and over again  
I find myself fighting you to stay strange  
But I can't wait  
Not another day  
It's way too late

I love you, I love you, I do  
But I gotta get through to you  
We gotta change

Daylight  
I can see the sky is awake now  
Making its way to the horizon  
Meanwhile  
I can feel something is changing  
In the canyons  
In the canyons

Daylight  
I believe I am awake now  
Making my way to the horizon  
Deep down  
I can feel something is changing  
In the canyons  
In the canyons
