

# Synapse

Kt Tunstall

Yeah, yeah, yeah

I take a step  
Out over the edge  
It feels easier  
Than staying on the ledge

Tell me why the hell I feel this way?  
Tell me why I feel this way?

Light in the grey  
Change in direction  
Show me the way  
Make a connection  
Hold 'til it breaks  
And the synapse is failing, again

Here I am  
I know I got it good  
Did I have it easier (easier, easier)  
Maybe than I should?  
Tell me how the hell I kept my head  
When we both know what you said?

Light in the grey  
Change in direction  
Show me the way  
Make a connection  
Hold 'til it breaks  
And the synapse is failing, again  
Again, again, again

Light in the grey  
Change in direction  
Show me the way  
Make a connection  
Hold 'til it breaks  
The synapse is failing, again  
Again

I asked you to tell me a word and you said, "Connection."

Again
