

Bunker

Kuami Eugene

Rockstar made it
Brr ben ben bzn
O ai ai ai aiii
We didn't come here to play

Am I the only one on the dance floor
Cause they're waiting patiently for my downfall
Say money come like an anchor
I mean dem all dey fight I dey stand tall
Cash in my balcony
All of the girls wanna fall on me
More money more enemies but
You will never know peace if you want to kill
My vibe, die by fire
My vibe, o die by fire
Eeh my vibe, die by fire
Aah my vibe, die by fire

Stronger, now because of you wey I drop this banger
Comfortable lead from the top to the under
I dey feel safe when I'm in that bunker bunker bunker bunker
Now because of you wey I drop this banger
Comfortable lead from the top to the under
I dey feel safe when I'm in that bunker bunker bunker bunker

As I enter everybody wanna carry go
Eeny, meeny, eeny, meeny, miny, moe
Slim fat tall and a heavy load
I mean I don't know why they want to do it though
Get fame and all eyes on you
Pretty girls see me and they're all confused
French girls say au revoir bonjour
So confused

Cash in my balcony
All of the girls wanna fall on me
More money more enemies but
You will never know peace if you want to kill
My vibe, die by fire
My vibe o die by fire
Eeh my vibe die by fire
Aah my vibe die by fire

Stronger, now because of you wey I drop this banger
Comfortable lead from the top to the under
I dey feel safe when I'm in that bunker bunker bunker bunker
Now because of you wey I drop this banger
Comfortable lead from the top to the under
I dey feel safe when I'm in that bunker bunker bunker bunker
