

Ladies and gentlemen  
So many people around  
I don't know who loves me  
I'm letting strangers in my house  
When I don't know who hates me  
You getti problems  
Well I get problems too  
And where I am hated  
To go there I don't dare to

So I give up  
I give up  
I surrender all  
I go shut up  
I'm done  
And I'll not do no more  
So I give up  
I give up  
I surrender all Shut up  
I'm done  
And I'll not do no more  
Slow slow  
I go take am slow slow  
Yolo, in this life, Yolo  
Slow slow  
I go take am slow slow

Yolo, in this life, Yolo  
I fall in love and I almost lose my life  
They getti car but they want dey for my bike  
Ah Ah Ah  
Never have I ever hurt a guy  
Ah Ah  
When I dey alone I dey alright  
I can not let all this pain weigh me down  
Please set me free make I wear my own crown  
I cannot let all this pain weigh me down down  
Down down down down down down

So I give up  
I give up  
I surrender all  
I go shut up  
I'm done  
And I'll not do no more  
So I give up  
I give up  
I surrender all  
Shut up  
I'm done  
And I'll not do no more
