

Cultivating interest  
Making your bed, lay in it  
Syncopated time zones  
Making your bed, play in it  
I've never been so into it  
So positive, so immersed, immersed

Hitted it on my side  
I feel divine  
I can feel my cells divide  
Gathering and multiply

Hitted it on my side  
I feel divine  
I can feel my cells divide  
Gathering and multiply

I can feel my cells divide  
Gathering and multiply  
I can feel my cells divide

Can not touch, feel with my mind  
Can not talk, can not move  
Spheres collide, connected eyes  
Connected lives fused to you  
External life, is this life?  
Is this my life? So confused  
'Cause this life feels divine  
And it's mine fused to you

Hitted it on my side  
I feel divine  
I can feel my cells divide  
Gathering and multiply

Hitted it on my side  
I feel divine  
I can feel my cells divide  
Gathering and multiply
