KUČKA

Chewing gum  
Gaffer tape  
Strong hold  
Hair spray  
Hold tight  
Don't break  
Stick with me  
I'm a heavyweight  
Statues in a stalemate  
Gridlock  
Headache  
Hold tight  
Don't break  
Stick with me  
I'm a heavyweight

I'm a I'm a heavyweight

Stuck in motion  
Our devotion  
Stuck in motion  
Our devotion

Do you see the way we are slipping?  
Every time we work it out it's the same old thing  
Tight I like the way you are gripping  
When we try to work it out it's the same old thing

So what's it gonna be  
What's it gonna be  
(I want you to stay)  
So what's it gonna be  
(I want you to want me)  
What's it gonna be  
You wanna stick with me?

Stuck in motion  
Stuck in  
Stuck in  
Stuck in motion  
Stuck in motion

Kept me past the due date  
Gave it up but it's too late  
Hold tight  
Don't break  
Stuck on me  
Like a heavyweight
