

All Dressed Up

Kula Shaker

Have you seen my lady?
She's the queen of all this town
Have you seen my lady?
She's the queen of all this town

She's all dressed up and ready
She's all dressed up and ready
She's all dressed up and ready to fall in love
She's all dressed up and ready to fall in love

Have you seen my lady?
She's been searching for her king
Have you seen my lady?
She's been searching for her king

She's all dressed up and ready
She's all dressed up and ready
She's all dressed up and ready to fall in love
She's all dressed up and ready to fall in love

And every that time she sees her lover
It feels just like the first time
And she can't believe he's going away
Going away

Have you seen my baby?
She's the queen of all this town
Have you seen my lady?
She's the queen without a crown

She's all dressed up and ready
All dressed up and ready
All dressed up and ready to fall in love
She's all dressed up and ready to fall in love
She's all dressed up and ready to fall in love
