

# Cavalry

Kula Shaker

We can't turn back we're under attack  
Outnumbered too I believe  
Cut down surrounded  
All bust up and pounded  
Love send the cavalry

Will I lay down  
Here with my friends at my side  
Watching the flames as they die  
I'll write you a song  
'Cause I've loved you so long  
And we never said our goodbyes

The night descends  
And the dreaming must end  
End this dream for me  
Love send the cavalry  
Love send the cavalry
