

Gaslighting

Kula Shaker

Brothers and sisters we are gathered here together to witness
The great congregation in this Aquarian age communication and re-
humanization

The revolution will not be live-streamed across all social platforms
You will receive no notifications
Only de-hypnotisations, revelations and realisations

And now we all stand up, before the cell door shuts
And we ain't gonna fear, and we ain't gonna hate
With wars from the South to the Bering Straits

And it's all because somebody said "I'm the chosen one
I know what's wrong, I know what's right"

Baby they just gaslighting - Gaslight!
Gaslighting - Gaslight!

Brother Bevan?

Gone are the times of gentlemen
And I promise, we will tear this down
We will rise like the smoke from those burning cities
And know that their judgement will come

And now we all stand up, before the cell door shuts
And we ain't gonna fear, and we ain't gonna hate
With wars from the South to the Bering Straits

And it's all because somebody said "I'm the chosen one
I know what's wrong, I know what's right
Follow my light"

Baby they just gaslighting - Gaslight!
Gaslighting - Gaslight!

Satanic mills corporate chills footing the bills
Deceivers, non-believers, golden retrievers
Black magic witches sticking us for bitches
We know that their judgement will come
Because love is the answer, love is the flower
Love is the source of spiritual power!

Baby they're just gaslighting - Gaslight!
Gaslighting - Gaslight!

Gaslight, baby
