

Get Right Get Ready

Kula Shaker

Get right, get ready
If you wanna make a stand
If you wanna change what you see
Just go raise your hand

Get right, get ready
If you want to stay alive
Gotta make some cheese
Keep some bees put them in a hive

Get right, get ready
Get right, get ready

Get right, get ready
Got to grow some beans
Make your bread, feed your head
You know what I mean

Get right, get ready
If you wanna make a stand
If you wanna change what you see
Just go raise your hand

Are you ready to stand?
Stick it to the man
Right! Yeah! Get ready
Are you ready to stand?

Get right, get ready
Got to read the label first
You decide you buy
Hit them were it hurts

Get right, get ready
It's easy you know how
Ain't no thing, you can sing
While you milk the cow

Get right, get ready
Get right, get ready

Get right, get ready
Gonna stand up the force
Gonna buy a boat, build a moat
Learn to ride a horse

Get right, get ready
If you wanna make a stand
If you wanna change what you see
Just go raise your hand

Are you ready to stand?
Stick it to the man
Right! Yeah! Get ready
Are you ready to stand?

We don't trust in guns

'Cause they ain't no fun
And the Earth is flat
And black is white
And white is black...

Rock n roll rock steady
Its begun already
Baby, Rome is burning
We're an ocean
The tide is turning
