

## Light Of The Day

Kula Shaker

Hmmm...

Will my love, will my love be unsolved?  
Still as I wander, though I'm nearly done  
I can see, I can see I'm alone

Time understanding the seeds that I've sown  
Understanding the seeds that I've sown  
I could see by the light of the day that has gone, oh oh  
I could see by the light of the day that has gone

Thinking of days that I whittled away, now they're gone, gone,  
oh oh  
What did I find was there?  
Gone, gone, oh oh, now will my heart find where?

Hmmm...

I can see by the light of the day that has gone.
