

When I am the passenger
And I ride and ride and ride
I ride through the city's backsides
I see the stars come out of the sky
Yeah, the bright and hollow sky
You know it looks so good tonight

Oh, the passenger
And he rides and he rides and he rides
Oh, the passenger
And he rides and he rides and he rides
He looks through his windows surprised
What does he see?
He sees the winding ocean drive
He sees the city sleep at night
He sees the things he knows are his
Over the city slept at night and

And everything was made for you and me
Cause it just belongs to you and me
So let's take a ride
And see your smile

And singing la la la la lalalala
La la la la lalalala
La la la la lalalala la la la

Get into the car
We'll be the passenger
We'll ride through the city by night
We'll see the city slept at night
We'll see the things we know are ours
Over the city slept at night
So let's ride and ride and ride
And ride and ride and ride and

And everything was made for you and me
Cause it just belongs to you and me
So let's take a ride
And see your smile
And singing la la la la lalalala
La la la la lalalala
La la la la lalalala la la la

When I am the passenger
And I ride and ride and ride
I ride through the city's backsides
I see the stars come out of the sky
Yeah, the bright and hollow sky
You know it looks so good tonight

Oh the passenger
And he rides and he rides and he rides and he rides
Oh the passenger
And he rides and he rides and he rides
He looks through his windows surprised
What does he see?

Hey, he sees the winding, winding ocean drive
He sees the city slept at night
He sees the things he know are his
Over the city slept at night and

And everything was made for you and me
Cause it just belongs to you and me
So let's take a ride
And see your smile
And singing la la la la lalalala
La la la la lalalala
La la la la lalalala la la la
And singing la la la la lalalala
La la la la lalalala
La la la la lalalala la la la
Get into the car.
