

Afraid Of Nothing

Kungs

I'm afraid of nothing except losin' you
I'm afraid of nothing, do you feel it too?
Oh, to love someone, I'd risk it all
For you, for you

I'm always feelin' like I'm runnin'
But I never saw you comin'
Kinda like a blue sky snowin'
I wait outside for you
Tell me that you never had better
We look pretty good together
I'll be there for you, whatever
You know me

So, baby
When I'm miles and miles away
Won't you promise me
That your feelings never change?

I'm afraid of nothing except losin' you
I'm afraid of nothing, do you feel it too?
Oh, to love someone, I'd risk it all
For you, for you
I'm afraid of nothing except losin' you
I'm afraid of nothing, do you feel it too?
Oh, to love someone, I'd risk it all
For you, for you

Oh, baby, you, you got me
Oh, baby, you, you got me
Oh, baby, you, you got me
Oh, baby, you, you got me

Not afraid of the dark
Not afraid of the sharks circlin' in my head
But the way that I feel when I wake up alone
The space inside my bed
And I know when you're close
I won't let you go

I'm afraid of nothing except losin' you
I'm afraid of nothing, do you feel it too?
Oh, to love someone, I'd risk it all
For you, for you

Oh, baby, you, you got me
Oh, baby, you, you got me
Oh, baby, you, you got me
Oh, baby, you, you got me

I'm afraid of nothing (I'm afraid of nothing) except losin' you
I'm afraid of nothing (I'm afraid of nothing), do you feel it too?
Oh, to love someone, I'd risk it all
For you, for you

Oh, baby, you, you got me
Oh, baby, you, you got me

Oh, baby, you, you got me
Oh, baby, you, you got me

I'm afraid of nothing
I'm afraid of nothing
I'm afraid of nothing
