

# Clap Your Hands

Kungs

Clap your hands, move your feet  
Two steps back to the beat  
Clap your hands, move your feet  
Two steps back to the beat  
Clap your hands, move your feet  
Two steps back to the beat  
Clap your hands, move your feet  
Two steps back to the beat

Everybody, let's move to the beat  
We can dance now, bass-line under our feet  
Everybody, dancing all along  
Time to party, sing our happy song

We are dreamers, we are young  
One, two, three, solo  
M-O-V-N to the beat  
Everyone get on your feet  
We're the future superstars  
That is who we are  
Clap your hands now on the floor  
Clap your hands, one, two, three, four  
Girls and boys and everyone  
Happy song, so fun  
M-O-V-N to the beat  
Don't forget your ABC's  
We're the future superstars  
That is who we are  
Clap your hands now on the floor  
Clap your hands, one, two, three, four

Everybody, let's move to the beat  
We can dance now, bass-line under our feet
