

# Ain't Like That

Kur

Just like that, ya just like that, that be maaly raw

Man these niggas better act like they know  
You should see how niggas act over hoes  
I can get her back I had it before  
Niggas really tried to take all my flows  
Niggas never really wanted no smoke  
Where I'm from you got to stay on yo toes  
f\*cking up the kitchen using the stove  
Use to swear they use to blow up before  
f\*ck these niggas I ain't playing them close  
Still swinging had my back against the ropes  
Maybe I should try a different approach  
Hitting bitches up like you trying to smoke  
Hit a lick and break it down with my folks  
Wearing sneakers that was down to the sole  
I'm a get it I put that on my soul  
We was quick to take pack we was we broke  
Man my homie got a mac in his coat  
Its alot shit that I never post  
Niggas say they will I know that they won't  
Niggas spray the wheel, the side and the front  
Home invasion niggas tying you up  
If she f\*ck me good I'm buying her lunch  
Fleeing bitches niggas dying to f\*ck  
I was there when they put shotty in cuffs  
Had to get in I got it myself  
It got rough I never cried out for help  
Wearing sneakers you don't see on the shelf  
Shit I rather smoke this weed by myself  
In her feelings trying to sleep on my chest  
All for it if I'm seeing a check  
Back then I wasn't being myself  
Stand out I can't be like the next

Grams out that was me on the step  
Grams out that was me on the steps  
Hands out I don't get into that  
Got a show I'm trying to get in my strap  
Lost my homies and I can't get em back  
I don't even know why niggas got packs  
Man Half these niggas can't even trap  
Polished hoodies and I got on my Ralph's  
Without a doubt I give my momma my last  
Grandma use to say she tired my ass  
I always told me said I can when I can't  
Told me go to school and do good in class  
Got some money now I'm focused on cash  
In my prime but I know it won't last  
Sold them dimes and I knew it was bad,  
I Done linked back up with Maaly raw  
We ain't scamming with no credit cards  
Man I feel like we ahead y'all  
Queen Latifah bout to set it off  
Got her number and I never call  
I done bounced back on every lost  
I been buying shit f\*ck what the cost

In the wraith I'm seeing shooting stars  
Niggas doubt it I'm a prove em wrong  
Text my exes that I'm moving on  
Different bitches I can pull up on

Just Like That  
These niggas better act like they know  
These niggas better act like they know  
These niggas better act like they know  
You should see how niggas act over hoes  
I can get her back I had it before  
Niggas really tried to take all my flows  
Just Like That, you already know what it is
