

## Double G's

Kur

Ya I got that bitch all in her feelings, I ain't give a fuck about her  
I was in the mix, sold dimes, nicks I ain't give a fuck about it  
Blunt crusing and I'm in audi  
If you looking it ain't hard to find me  
Taking double G's feeling drowsy  
Give a fuck how they feel about me  
Off the leash and they trying to calm me  
Niggas acting I know they ain't riding  
Made a stack and I bought some ballies  
That was years back when I got em  
When kareem died I felt like dying  
If I try that bitch can't deny me  
Late nights layed up in the county  
I was lost God came in found me  
I was slipping niggas could of downed me  
Couldn't swim I was out there drowning  
In the gutta niccas moving mountains  
Plate full of white bagging ounces  
Probably hit it twice then she bouncing  
If I write a check then they bouncing  
I don't want them bum bitches round me  
Work my ass off for my family  
Work my ass off for my niggas  
Got a turn and we gone took advantage  
Pep rica I just order samon  
This week I might do miami  
Bitch weak she don't meet my standards  
All hype pulling out her camera  
Ya I'm in the hood and I'm lamping  
All night with it like I'm camping

"See its either see this how this shit go in the street...  
Either you gone be the one that's doing it or its gone get done to ya ass  
Its got to happen one of them ways..."

Money make the world go around  
Bitches gone do whatever for it  
Know the money gone bring problems  
Always knew I was ready for it  
Never thought I would lose ah  
Hope I see him at the heaven door  
I was really trying to fuck her  
Her best friend was my 2nd choice  
Let it go I had to make a choice  
Niggas die trying to make a point  
Block her number then I face a joint  
You ain't really got no paper boy  
Died down you ain't making noise  
Calm down fore we spray this drum  
I was patient and I waited long  
I was trying to get my paper long  
Niggas wouldn't even play my song  
People thinking that they getting over  
I sit back and I just play along  
Going through it but I'm staying strong
