

# Everything I Wasn't

Kur

It was thought in back of my mind  
That made me wish that my mother would die  
Cause instead of getting me fly, She chose to get high  
So instead of wearing Jordans had to wear them Filas, Man fuck it she  
tried  
Got my jeans from Forman Mills I always wanted Levis  
Used to think I lived poor until I went down Lehigh  
And saw my cousin eating out the trash damn he shot  
I was thinking in my head like this can't be life  
Why it's roaches in the fridge, in the cereal box  
Early morning plucking roaches out the Cheerio box  
I was forced to sell drugs nigga  
I had weight like Terio got  
I experienced a lot foreal, Lil look at all this time me and you inve  
sted  
Fuck the fame fuck the money man we got a friendship  
You was there when I started you'll be the one I end with  
And we can both run for that money like we in Olympics

Life is just a gamble and I took a chance  
The streets turned me to a man  
Everything I wasn't made me who I am  
Everything I wasn't made me who I am  
The streets turned me to a man  
Life is just a gamble and I took a chance  
Everything I wasn't made me who I am

Coop, remember all the times I came to you short  
Remember all them quarter ounces I bought  
Remember Dot used to sleep on my couch, and he would wake up early ju  
st to get ports  
And he would come back, and you would ask him to save your short  
I still think about the summer I tussled with Nelson  
I was stuck in my feelings  
I told myself if I saw him drowning I wouldn't help him  
Til' one day he bussed his gun off for me, then I realized I was bein  
g selfish  
Free my nigga Don I feel his pain  
I text bitches all day and forget to write him I feel ashamed  
I ask myself what kind of friend am I, I portray this image of being  
real but really live a lie  
Picture me rolling picture me stunting  
Get my little sister that bike that she always wanted  
Get my G-Mom a Rolls that come with a chauffeur  
And she can ride around the town like she Phillip Drummond

Life is just a gamble and I took a chance  
The streets turned me to a man  
Everything I wasn't made me who I am  
Everything I wasn't made me who I am  
The streets turned me to a man  
Life is just a gamble and I took a chance

Everything I was't made me who I am
