

Gotta Stop

Kur

Yeah, all from the heart
Yeah real talk

They said my grandma getting well, but my uncle kidneys failed
Trouble sleepin at my condo, cuz my folks ain't livin well
I was comin down broad street and I seen my mom knotted
Coulda stopped, but I ain't stop, I teared up and kept on drivin
As a kid Keith mom would always say I was the wildest
We got older, it was her son that went and took Bowers
Wit out me knowin, had no knowledge I was wildin
I was so hot in the streets but wasn't polished
Looks don't mean shit to me, if you ain't solid
Hit the wheel, swish cheese while you drivin
We all goin six feet we can't stop it
Niggas take you off, if they can't cop it
If you break her off, she gon let you pop it
Hadda shake it off, lotta vibez toxic
Gottamake a song, don't let em think you boxed in
I just play along, and listen no respondin
All the roaches and the smokers that's behind him
Doin shit cause of emotions that's behind him
Through all the madness, all the sadness I'm still risen
The night that E crashed, he asked me was I slidin

I told em naw, went to a session I was vibin
I got the call after the session I was cryin
I took a fall to get these blessins, I ain't lyin
It been girls gettin shot up and they dyin
You won't ever learn shit, if you ain't tryin
Bridges I done burn quick, I ain't relyin
I ain't wit the nut shit, they glorifyin
Or horrifyin, I seen shit that's horrifyin

I'm from uptown so that's always in my heart
It's always in my heart
I'm from uptown so that's always in my heart
Always, always, always, always
When you down, it won't be, many in the dark witchu
It won't be, many in the dark witchu
From uptown so that's always in my heart
Always, always, always, always
When you down, it won't be, many in the dark witchu
When you down, it won't be, many in the dark witchu
From uptown so that's always in my heart
Always, always, always, always
When you down, it won't be, many in the dark witchu
When you down, it won't be, many in the dark witchu
