

I'm Wrong

Kur

One foot out one foot in the door
Out to eat and it's [?] on the floor
Use to sleep where there was piss on the floor
Through it all I got sick with my boys
Went through pain God gave me some joy
Bitch pretty but she got me annoyed
All that drama I be tryna avoid
Moms happy seen me grow from a boy
Mom had me and I'm her only boy
She was mad cause I wasn't employed
She ain't know that I could spit on these songs
She ain't know that I'd go where I'm going
Watch from TV see me know that I'm on
Can't let errbody know what you doing
[?] told me that he like what I'm on

That was what's his name friend I was drawin
At the moment it ain't feel like it's wrong
Going through it tryna heal all my scars
Going through it spray the side of the car
Drizzle coming whether right or I'm wrong
Al died and I tried to be strong
Coulda let go but I held on
It's a lot of girls that I let on
Said I loved 'em but I didn't I'm wrong
Said I'll let them turn my house to a home
Gave me what I wanted then I was gone
Gave me what I wanted then I was...

I'm wrong
Gave me what I wanted then I was gone
Gave me what I wanted then I was gone
Gave me what I wanted then I was...
Gave me what I wanted then I was gone
Gave me what I wanted then I was gone
Gave me what I wanted then I was...
Gave me what I wanted then I was gone
Gave me what I wanted then I was gone
Gave me what I wanted then I was gone
I'm wrong

Real life was all about her look
Sees my eyes tell I'm off the kush
Thought I spent forever in the hood
Started putting pressure now I'm good
Bitches come sucking to my woods
All them niggas reckless in my hood
All gon die together like we should
Bitch ain't worth nothing but her looks
150 buy em in the bush
I got on my grind that's all it took
[?] wasn't open had to push
Niggas thought I'd end up in some cuffs
Way in the beginning it was tough
What we started weighting wasn't much
Wouldn't argue we was quick to bust
[?] road all we had was us

I know Al watching from above
Niggas smile but he can't be loved
Got money but it ain't enough
Kinda cray how I got a buzz
Bitches say they love me when we fuck
Say I love 'em back it was the drug
Say I love 'em back it was the

I'm wrong
Gave me what I wanted then I was gone
Gave me what I wanted then I was gone
Gave me what I wanted then I was...
