You cheat I get hyped and dramatic  
End of the day girl you are an asset  
To my life lets move forward no backtrack  
The highlight I'm in that can't stop that  
New nigga in the picture we gon' crop that  
We gon' get back  
We had setbacks  
Gianni switched up like she wasn't lil' sis  
Just talked to marty man mere got so big  
Backwood nifteen shit I'm so lit  
Problems that I caused' one day I'm gon' fix  
Business and the people that you love it dont mix  
Should've seen how they treated me in my lil' whisk  
Soon as you get a bankroll they gon' switch  
Wouldn't let me fuck but tonight I'm gon' hit  
Half these bitches out here ain't doin' shit  
Pull up top off they jump on dick  
Nigga's wearing knockoffs thinking they on shit  
Niggas blow your top off talking that bullshit

They should just forfeit

You did me dirty for what  
For we was perfect as fuck  
Cause I was searching for love  
You know it hurt when you love  
Feel like nothing ever hurt me this much  
And even though I'm hurt  
I still think about us  
I mean I want it to work but enough is enough  
I mean I want it to work but where is the trust  
I mean I want it to work so tell me who do you love, damn  
Tell me who do you love  
I love you and I hate you it's so hard to explain  
When the sun go away  
And it's starting to rain  
And you started to change  
So we parting our ways  
And you lied to my face  
So much time that was wasted  
Should I cry me a lake  
Said you needed your space

I should of knew you was that type of bitch  
Type that's gon' come back around when I'm rich  
Bitch you ain't shit (Bitch you ain't shit)  
I should of knew you was that type of bitch  
Type that gon' come back around when I'm rich  
Type that get mad and probably let my man hit  
Bitch you ain't shit (Bitch you ain't shit)  
I should've knew you was that type of bitch  
I should've knew you was that type of bitch  
Type that's gon' come back around when I'm rich
