That was my dog, he act like he never knew me, when I made it, he treated me
different
Thinking it's love, but most times, it be just business, I had to hold off o
n my feelings
I held a grudge 'cause they ain't never consider my feelings, they said I wa
s trippin'
Feelin' a way that my bro ain't here to kick it, whenever I talk, he would l
isten
Feelin' a way that my mom always takin' the side of my sister, like why is y
ou pickin'?
Feelin' a way that my uncle, he watch what I'm spendin', he sayin' I did, bu
t I didn't
Feelin' a way that my granny in heaven, when she was alive, I ain't even go

Feelin' a way, I was with bro every day and I ain't even know it was tension
Still to this day, I start to think about Owl when I smoke and I start remin
iscing
I had to go through the fire and now I'm back feelin' inspired, I'm back on
a mission
I ride it out 'til I ain't got no tires, you can't have no feel on the road
to the riches
I ride it out until I'm feeling tired, I grab me a pen and I wrote out my fe
elings

I got out my feelings, I knew when I signed up for it, the industry come wit

Be in my feelings 'cause I know we all can't go, but I wanted to come with m

Be in my feelings 'cause niggas, they never give props, they come and they s
tudy your bop
I'm in my feelings, I don't even drink, but I think tonight, I'm gonna have

I'm in my feelings 'cause niggas I looked at like family, they switched up w

hen I got guap
I'm in my feelings 'cause niggas is jealous, they actin' like I don't deserve the spot
I took some losses, but I also learned a lot, I even got burnt a lot
I'm in my feelings 'cause shit ain't the same 'round my way, I done cried when I turned the block
Self-made nigga, I earned my spot
Gave it a shot, it was worth a try
I used to wash my clothes in the sink, then I hung it outside so the shirt would dry
Nigga, I got through the worst of times
Get out your feelings and wipe your eyes
