

# Love

Kur

I think I miss the way it was  
Was it really love?  
I think I'm too turnt on drugs  
I ain't feelin' none  
I did this shit just because  
It was for my cuz'  
I did this shit out of love  
How it ain't enough?  
I treated niggas like my blood  
But we wasn't blood  
Some bitches I gave all my trust  
And they fucked me up  
Whole time I was thinkin'  
Whole time I'm thinkin' I was loved  
But it wasn't love

Started actin' selfish when I helped you  
Had to drawl the line  
People say my music got 'em through the hardest times  
I know that word is bond  
I know some lyrics that I said on songs hurt my mom  
Should give more support to Bell  
While he serving time  
To get here, I went through hell  
I'm feelin' cursed at times  
I might come off like I'm well  
But I'm hurt at times  
It wasn't water in the wale  
Went through thirst at times  
Wasn't worried when I fell  
Some shit don't work at times  
My shit be versatile  
I try to worship God  
I'm headed out the door  
I'm on my way to purchase loud  
I'm ready for some more  
Fuck a inch  
I need a mile  
I'm coming down the 4  
Fuck the tint  
See me drive

Waiting for the day that I can link back up with Al  
Shit I hope his folks  
Shit I hope his folks cool  
Ain't seen 'em in a while

I think I miss the way it was  
Was it really love?  
I think I'm too turnt on drugs  
I ain't feelin' none  
I did this shit just because  
It was for my cuz'  
I did this shit out of love  
How it ain't enough?  
I treated niggas like my blood  
But we wasn't blood

Some bitches I gave all my trust  
And they fucked me up  
Whole time I was thinkin'  
Whole time I'm thinkin' I was loved  
But it wasn't love  
Whole time I'm thinkin' I was

We should all be learnin'  
Came far from sittin' on the red wall on Vernon  
Old scares feel new  
Wounds still burnin'  
Told my dogs I'm stayin' true  
No matter what I'm earning  
Faked it 'til I made it  
Bought it, wore it, then returned it  
Every night I'm faded  
In the lab, 'bout to burn it

Burn it down  
I started hearting up  
You feel it like a furnace  
Came around when I started getting lit  
Them tables turnin'  
I was down  
I had to get back up  
It was worth it  
I don't really be around like I use to  
Ain't no purpose  
Man  
I let go of that grudge that I had  
Nobody perfect  
Damn, I loss so many dogs in the past I'm still hurting  
Dog  
I'm tryna' put us all on this cash  
Don't want you serving

They gone all stand up  
And they gone clap when its curtains  
They gone clap when its  
They gone clap when its

I think I miss the way it was  
Was it really love?  
I think I'm too turnt on drugs  
I ain't feelin' none  
I did this shit just because  
It was for my cuz'  
I did this shit out of love  
How it ain't enough?  
I treated niggas like my blood  
But we wasn't blood  
Some bitches I gave all my trust  
And they fucked me up  
Whole time I was thinkin'  
Whole time I'm thinkin' I was loved  
But it wasn't love  
Whole time I'm thinkin' I was...
