

# Orange

Kur

Why you leave me out to dry  
Coulda gave effort and tried  
All I asked you for is time  
How could you fuck up our bond  
How could you give up what's mine  
Think Ima give you some time  
Why you leave me out to dry  
Coulda gave effort and tried  
All I asked you for is time  
How could you fuck up our bond  
How could you give up what's mine  
Think Ima give it some time  
Think I'll go back to my side  
Lay up with her and get high

Think Ima give it some time  
Think Ima give it some time  
Give it some time  
Just give it some time  
Why you leave me out to dry  
Coulda gave effort and tried  
All I asked you for is time  
How could you fuck up our bond  
How could you give up what's mine  
Think Ima go to my side  
Gonna lay up with her and get high  
Catchin' a vibe  
Playing with her and we catchin' a vibe

I'm feeling fried  
12 [?] I'm feeling fried  
Silly of me that was thinking that you'd be excited  
Silly of me that was thinking that you'd be my wife  
It was silly of me thinking that you'd be right by my side  
Silly of you thinking back on the back on the side  
Silly of me  
Silly of me  
Silly of me  
Silly of me
