Kur

So authentic  
Fan base is organic  
I'm back doing more damage  
Spit crack make them bulls panic  
Had to take full advantage of chances that I got handed  
Crashed with Wan in the Camry  
Looked at his mom like family  
My dawg like "fuck a job," he rob, he jamming  
I told this thot get at me, you got my shot get at me  
Wanna talk 'bout some gwuap, let's chop, get at me  
Shows I can rock, get at me  
Hoes we can swap, get at me  
In saks with a knot, get at me  
Live from up top, get at me  
Live from my block, get at me  
Live from king box, get at me  
Live 30 shot, get at me  
Get at me

Listen I started off filthy, pissy, trashy  
If you got a issue, get at me  
If you not official I'm taxin'  
I feel like I let this shit get to my head  
Was feeling like A.I. fuck practice  
Ain't goin backwards, ain't even snappin  
Guess it was cool while it lasted  
Oh you ain't know I was good at gymnastics  
Oh you ain't know I was flippin' and trappin'  
Oh you ain't know I was down and had to stay down  
So I could make all of this happen  
I had too many distractions  
For paper, too many was askin'  
I got a short temper always be snappin'  
Young bitches always harassing  
She telling me how she wanna do lashes  
Right on my jeans, I'm ashin'  
Stack up ya cheese and grab it  
Nigga I flee'd the baddest  
I'm off a weed n addys
