Project Nights

Kur

Where the fuck did all my time go
All of my time went to bitches and drugs
I just won't get enough
All of my time went to bitches and drugs
All of my time [x2]
Went to bitches and drugs
All of my time [x2]
Went to bitches and drugs
Hey girl what's up, are you tryna
All of my time [x2]
Went to bitches and drugs
All of my time [x2]
Went to bitches and drugs

All of my time went to chilling with MJ
And projects on friday nights
Thought she was my guiding light, I was wrong
Fuck that bitch, I said that out of spite
Out of rage, it's certain shit don't know how to say
Gotta say to get you back, have to find a way
You never cared about the finer things
And plus you was drama free
All of my time went to chilling with Filkes and Nas we laugh and we smile
I just talk to Don said he ready for trial
Said that he proud of me, he lived his life through me
Said that he proud of me
I'm gonna send him some pictures of me and Rehel and Mahogany
Chilling at Grey house avoiding the chaos
Cuby my niggas since I had them haters
I play for Mccloskey, was tryna make lay up
He let me score cause
We will have money and still go to Naudy
And next thing we score for four
Everyday you know we get higher shit
Kareem who we do it for
They always say that I wouldn't get far
That's when I proved them wrong
Then all of these rappers like hey, how I need you
Kur can we do a song
And these are the same pussy nigga that diss me
They nothing but movie stars, they just act super hard
Trying to get to be known by these bitches
Niggas do anything for attention
I wasted time with these bitches
I ain't looking back cause I can't get it back, what the fuck

Where the fuck did all my time go
All of my time went to bitches and drugs
I just won't get enough
All of my time went to bitches and drugs
All of my time [x2]
Went to bitches and drugs
All of my time [x2]
Went to bitches and drugs
Hey girl what's up, are you tryna
All of my time [x2]
Went to bitches and drugs

```
All of my time [x2]
Went to bitches and drugs
