Felt like I was missin' somethin', tryna find it (Real talk)  
Know it's all about timin', I try time it (Oh)  
They gon' take it as weakness you showin' kindness (Yeah)  
It's Balenci' on my joggers, I got money, power (Woah)  
Can't forget the nights I struggled, havin' money problems (Woah)  
Isolation, I got distant, put me on the island (Go)  
People tell me they get happy when they see me smilin' (Yeah, smilin')  
Out in traffic, niggas dap me, they like, "Bro, you got it" (Woah)  
Dealt with it, healed from it, then I wrote about it (Ah)  
It ain't what you go through, it's how you go about it (True)  
Road blocks in the way, got' go around it (Go)  
Still jumpin' in the water when you know you drownin' (Go)  
Still jumpin' out the plane, parachute ain't even with you  
Still think about the pain, still think about the issues (Goddamn)  
I was thinkin' of what I gained, He had granted me my wishes  
I was tryna make a name, I was hopin' to get mentioned  
Then was mentioned, then I felt like that's when niggas had the tension (Go)  
Never quittin', I'm devoted, ambition, niggas trippin'  
Most niggas think they know it all, so they never listen (Never)  
Guarantee, you see the fake shit, if you just pay attention (Pay)  
I just walked into the venue, gas stronger than an insect

Let's get back to business, we don't care about your feelings (Ah, ah)

And I knew it already, it had me gone to the start  
Knew it already that it was all feelin' dark  
Ain't nobody gon' do it, nobody gon' do it  
Seen over to the rods, it had me gone to the start  
Ain't those the rules, ain't nobody gon' start  
Ain't nobody gon' do it, ain't nobody gon' do it

Tryna find some motivation, I was uninspired (I was uninspired)  
Second guessin', undecided, I ain't feel excited (Feel excited)  
All this shit was feelin' fake, I think I'll go without it (Go without it)  
Auntie said I need a break, I told her, I ain't stoppin' (I ain't stoppin')  
I was tryna find my place but I was at the bottom (At the bottom)  
I start winnin' in the race, okay, I'm feelin' wired (Feelin' wired)  
It was so much on my plate, the money came with problems  
The money came with bitches topless, askin', "Where your wallet?"  
The money had me think it's love, but I know they flodgin'  
The money have your family looking at you like you got it  
If you don't give it then they bitchin', sayin', "You ain't solid"  
"Oh, he stingy with his money," now come here the gossip  
Man, that nigga actin' funny, ever since-
