

Sunny

Kur

Happy as long as I'm moving forward
Never back tracking
Whole time I'm thinking they supportive
They was back stabbing

I know the niggas that hate on kur
Ain't in his tax bracket
Bro said
Man this ain't the time for you to act stagnant
Never said no when it come to sis
I always cash app it
80% of the pills fake
They all bad batches
Niggas come home
Might take a break
But end up back shackled
I been done wrong
Had my heart broke
But I'm still loving
My therapy these songs
I just write until I feel nothing
Told my bitch
I stopped dumping
But I'm still dumping
Don't know the reason me and bro fell out
I still love him
Y'all know the reason I be holding out
I'm real humble
I'm in the crib
I'm barely going out
It feel lovely
Won't make no money in the crib
It's new bills coming
Ain't always Sunny how it is
I been in real puddles
The undies sitting on my crib
I been in real trouble
I was 18
Going through a real struggle
Tryna chase dreams
But shit cost
If them bitches ain't with 79
They must be lost
I seen niggas study my style
My flow
And my walk
I keep dropping after this
And they gone ask for some more
Always stop and take pic
Cause they don't got to support
I don't made it out the pit
I come straight outta the 4
I done got hot as some grits
And I still pray to the lord
Only taking Britt on trips
Cause she was there through the bull
She was there for the lows

I think I see it clearly
I stopped at the wine and spirits
I got scare I wear em
Fear of God
I wear it
She resemble Halle Berry
But I ain't gone cherish
Pink 10s
We call em berries
I come from Mt. Airy
It ain't shit going on
But I'm in Amiri
Everyday I put it on
It's Gallery, you serious?
She think I'm mad
Cause she jump dick to dick
But I don't care
I smoke a vape
Yes, it's a flare
I smell like Cariter
Man l
Slow ya breaks
Y'all dropping tapes
That I don't want to hear
I got no hate inside my heart I'll show you
If I care
Sat on crates
I'm at the park
And I was with my peers
Swimming in water with the sharks
Can't say I wasn't scared

Niggas speaking about the start
But they wasn't there
I be speaking from the heart
About to shed a tear
Uptown, I done left a mark
I put it on for years

And you know Vernon that's my heart
I said when my tape drop
We outta here
Vernon that's my heart
I say when my tape drop
We outta here
Say Vernon that's my heart
And I say when my tape drop
We out
