

Writers Block

Kur

Yo, you already know what it is
It's Young 79, Hajeem, Gwan, all that good stuff
Reppin' Philly, Vernon Road, Mount Airy to be exact
Before we get into the next record, I want to tell y'all how much the record mean to me
I was in a writer's block type situation
And I felt like soon as I heard the beat, it took me out of it
I got inspiration, my creative juices, creative sparks, all of that start flowin'
I feel like, damn, I let out my pain, what's from the heart, to uch the heart
And before we get into this next record, right?
It's Power 90 Kur, and I hope y'all skippin' the 8, because you just been pranked
We on our way to the next record
