Have you ever felt like giving up and throwing in the towel Have you ever felt so discourage You said, what's the use in praying anyhow Has the devil ever attacked you when you were already feeling low And you said to yourself now hold it How much lower can I go Then the Lord spoke to you in the stillness of the night And He said if trust in me I'm gonna make everything alright (Chorus I) Just keep on holding on When the world says you can't make it Keep on holding on When you feel like you can't take it Just keep on holding on No matter how down you get Just hold on be strong you can make it (Chorus II) Just keep holding on When your problems seem hard to bear Just keep holding on When it seems nobody cares Just keep holding on No matter how down you get Just hold on be strong you can make it The road may not be easy no one said it would be But keep on holding on till the victory Everything is gonna be alright if you just hold through the ni Joy's gonna come in the morning light You're gonna make it

Hold on be strong you can make it
