

# And We Will Fly

Kurt Elling

And We Will Fly  
Music by Alan Pasqua  
Lyric by Kurt Elling and Phil Galdston

Love / let's catch the wind  
An evening breath / on naked skin  
Out where the sun / meets the Monterey Sea  
A dream / that's as real as can be

On the way / the day will fade  
The blue will shade / a touch of jade  
And make a sight / very few ever see  
Tonight / when the sky meets the sea . . .

We can glide / though ocean sky  
And cover waves / with ocean eyes  
Out where the moon / meets the wondering sea  
A dream / that's as real as can be . . .

And the sea will kiss the sky  
And we will fly  
And we will fly
