

All in a Daze Work

Kurt Vile

Chinese charms and well-tanked in Burbank
Strumming unsuccessfully but moreso just pressin' keys and
Hey Jack of diamonds all jack of horse and
Hey man I believe I'm floating and of course of course
Guess I got my mind well twisted didn't I, well...

All in a daze work, and [x5]
All in a... all in a... all in a daze work

She come flying through like a traveling gypsy show tornado
Leaving us lying there bleedin'
Cut wide open, hearts broken
Guess I got my mind well twisted didn't I, well...

All in a daze work, and [x5]
All in a... all in a... all in a daze work
