

## Blast Off

Kurupt

Hey. You want to take a hit of this shit  
Yo what's that?  
Man you want take a hit of this shit or what?  
Yeah nigga. What is it?  
Here. Hit this nigga  
[Coughing and music starts]  
DAMN!  
DAMN!  
[Humming]

Fuck you call this shit?  
The music is different yeah? The vibrations are different. Not  
like planet earth. Playing  
The very sound of guns. Anger. Frustration. There was no one to  
talk to from planet earth  
To run us down. We set up a colony for black people here. So we  
they can do on planet on  
Their own without any white people there. They can drink in the  
beauty of this planet. It  
Will effect their vibration. For the better of course. Another  
place in the universe. Up under  
Different stars. That would be where the altered destiny would  
come in. Equation wise  
The first thing to do is to consider time as officially ended.  
We work on the other side of  
Time. We bring them here through either isotope teleportation.  
Transqualecuzation. Or  
Better still teleport the whole planet here through music. Musi  
c. Music. Music. Music. Music  
Music. Music
