Buildin on built buildings my nigga  
Getting that big money, ya dig?  
Always hustling  
Keepin my A game to the hustle gang, you dig?  
Countin that money

5... 6... 7... 8  
9... high... crime... uh  
High... 9... times  
Lay that nigga down, he can't move no mo  
No 2, no full no  
When he gon make it after 2 or 4  
3, 4 and 4 mo

I remember one thing I learned when I was at the coffee shop  
Getting my crème like it wasn't no thing, just doing what the fuck, where yo  
u from?

Me and my team and you know my team  
Just doin what the fuck we want  
But you livin out same, nah I live with the same like what the fuck is wrong  
?  
Money, Bitches, Power  
Bricks, money, power  
Happenin every hour  
Bitches, money, power  
Power... power power  
Power... power power  
Power... power power  
(Money money, bitches) Power... power power  
Money, Bitches, Power

My situation's so terminal, I'm just ready to fall  
And dust myself back off nigga, go get the money and ball  
Live my life to the fullest  
Been dodging bullet, reflectin  
But guiding the lightning I shine  
And yet they hardly suspect him  
Got a bite like a pick  
They say who is in your grizzly?  
Your mind all gee in this industry with the locals and semis  
As I came, I spray  
All the way like the Yankees  
Until a nigga like me come up and shoot up the babies  
See I remember

Me and my team and you know my team  
Just doin what the fuck we want  
But you livin out same, nah I live with the same like what the fuck is wrong  
?  
Money, Bitches, Power  
Bricks, money, power  
Happenin every hour  
Bitches, money, power

Power power... power power  
Money, Bitches, Power  
Power... power power  
Get that money every hour  
Power... (money) power power (ritches bitches and winnin)

Cause I'm a shine regardless baby
