

## Close To Hell

KUURO

You got me trapped inside this spell  
Now I feel it, now I feel it  
Your demons dragged me close to hell  
I can feel them, I can feel them pull me down

You won't ever let me leave you  
You make these nightmares come true  
My heart is in the ground  
You fucked me up, I'm feeling close to hell

I'm feeling close to hell  
Feeling  
Feeling  
I'm feeling close to hell

You got me trapped inside this spell  
Now I feel it, now I feel it  
Your demons dragged me close to hell  
I can feel them, I can feel them pull me down

You won't ever let me leave you  
You make these nightmares come true  
My heart is in the ground  
You fucked me up, I'm-  
I'm feeling close to hell

I'm feeling close to hell  
Feeling  
Feeling  
Feeling  
I'm feeling close to hell
