

Traumatized

Kwesi Arthur

Yeah, yeah
I do it for me, I do it for fam
All of the boys
Chale we do it for streets
So the kiddies go believe
Me ma ey look easy
Time bia omo count me out biara
I bounce back and I show them receipts
I let them know who I be

Every L be for lesson
Chale my balance be far from a milli so tell me why I should be resting?
Everyday I put the work in
Everyday boys testing
It's funny 'cause later they'll beg me for feature
If e no be banger, not interested
No yes men in my section
Me no I never dey miss
Might delay but always on target
Before na nobody dey biz
The rose wey e get from the concrete

Fire starter
Drop a joint all your favorites scatter
With my people all we want be change
With my people, black lives matter
We no dey fuck with the hate shit
We no dey fuck with the rape shit
We no dey care if you get money
If your people starve then you (Ain't shit)
Shawty say she was only 13 when ein Uncle start dey eat
Crying and begging him, "Please"
Momii then Popii no believe

Now she's traumatized
I see the fear within her eyes
She say I love my mirror 'cause it never lies
I don't trust no fucking human 'cause I'm traumatized
I'm so traumatized
She's so traumatized
She want hide am
I see the pain within her eyes
She say, "I love my mirror 'cause it never lies"
I don't trust no fucking human 'cause I'm traumatized
I'm so traumatized, yeah

Traumatized
(She say, "I love my mirror 'cause it never lies")
(Never lies)

I am so traumatized
She's so traumatized
She want hide am
I see the pain within her eyes
She say, "I love my mirror 'cause it never lies"
I don't trust no fucking human 'cause I'm traumatized
