Hm

Asigcwalisa istrata nge number bajabule abantu (Bajabule abantu)
Sibanike intoyabo, bathambe, vandag nak'sasa (Vandag nak'sasa)
Ukuthi i-summer, kuyabanda, kuyafana, the culture is up (The culture is up)
Enye int' engakhathali (Enye int' engakhathali)
Ganda Ganda MaDoes
Money can fuck up the glory, I already know (Yeah, I already know)
Don't gotta sell me a story, I already own (Yeah, I already own)
Spillion, I don't do it just to sit on the throne
I'm already goat (I'm already goat), ayy
I'm already ghost, ayy

Click-click, big bang
Damn, everybody dead
They had us buried in the desert
Niggas was hatin' their reflection
But you know heavy is the head
Now these niggas gotta pay me for repairs
'Cause this shit? This shit bangs and everybody dead
Azilime ziyetsheni
Singabheki eceleni
Asiphindele esmeni
Asiqede intelezi
Bathi engakhali ifela embelekweni
Aw' zekethe, lento ngiyicele ebeleni
Good God gracious
Guluva Guru, the greatest, mgangatho elevated
Hooked on fame and then they pretend to be saviours kanti bazithanda ey'ndab
eni
So nawe ungathathei, ungashayashayeki
Ungabaliswa i-million ngamasheleni
Saqala endlaleni
Akunanto engapheli
But nami ungang'thembi, sengibhayize kaningi
I got in a coupe, Int' engana roof
Then got on the roof, with no parachute
Ngawa ngeslonda, kwaphela amaphupho
Nou ngishaye islololo, I'm back on my poop
Ntwana angis'bhayi, ang'dlali ngemali
Kasi for life
Yeah, I'm a lion
A pipe in her mouth
Tell her "Swallow my pride", ngila eMakasane
And we never say die, we multiply
Ya, bathi ngiyahlanya
Well, that's alright
Don't pay me no mind, I got money on mine

Ya, ntwana, k'hambani?
Asigcwalisa istrata nge number bajabule abantu (Bajabule abantu)

Money can fuck up the glory, I already know (Yeah, I already know)
Don't gotta sell me a story, I already own (Yeah, I already own)
Spillion, I don't do it just to sit on the throne (Ah)
I'm already goat (Ye, ye, ye, ye)
I'm already ghost

I'm already 'pokeling
I can see 'em all switch up their antics
GMG, bro, watch out for the stampede
Dirty work but I still keep my hands clean
Too much sauce, I should open a canteen
Get on stage and they scream like a banshee
King Lokhuza, Bhuxuza, has landed (Ye, ha-ha)
Tshela ley'ntwana make way
Cel' ungazenz int' ekhona, int' ebrave
I'm the big slime, I see green in my veins
Stabbed in my back but I still feel no pain
Like, bro, is you not entertained?
I got sidetracked but I never changed lanes
Know you hear this and you can't say the same
Came from the dirt but I washed off the stains
Vision got blurry, I'm wipin' my frames
But it's no problem, I'm doin' the most every day
Celebrate, take some shots the brain
I guess kujwayelekile to get to the top and then watch everybody feel strange
We had to plan this shit out from beginning to end and to watch it all happen is crazy
I had to tell all my youngins that's coming up
This shit get spooky, it's never just daisies
How could you lose all your patience?
Niggas cannot even phase me
My spot at the top is just spacious
Akekh' oseduze
I could spin back vel' ng'gqilaze futhi
Speak about me, that's free promo, ngyak'nyusa
Keep your eyes open, that circle is doomed
I don't gotta say it, they know it, ngiy'mbuzi
