We 5 minutes from freedom  
Somebody tell my mom I'll be back when I'm cleaner  
I'm really close to my dream up  
Bebengenandaba, manje iyindaba zami ziyaziwa  
Kuyafiwa, tell them I'm a believer  
Long walk is not a boy riding out in a Bhima  
Nare patlela ao'bena  
Bathi akuna space manje izinja zami ziyagiga  
Ama Visa, sigijimisa uMadiba  
Sabela impilo e-right iyabiza  
We were invisible, nobody could see us  
Now we in visible and everybody can see us  
It's greener, on this other side of the fence brown  
The only problem is everybody wanna be friends now  
From K1 chasing these gees down  
To 1K, but now everybody geed up  
We us

I made it out of the corner  
For those who said I wouldn't, look at me man, I'm gone now  
Angisho nani niyabona  
The way we living it's like heaven nezami siyakora, siya toura  
We came a long way from the bottom  
Now we're getting shows in the SA all across the border  
We 5 minutes from stardom  
I thought we would never ever make it this far  
I remember chilling with Tech at the back of his room  
Talking about "we need to take over the game with a boom"  
With a sound that can sweep 'em off their feet like a broom  
Makwa comprehended, so we kept this beat in the booth  
Passion is the tree we planted, trying to taste its fruit  
Always wondered how it's like to sip on Victor with juice  
When your dreams finally manifest and they become true  
And now we're legends in the making, but again that's the view  
Now check it

Remember when I told them my dream  
They just laughed and said it's far from my reach  
Mama stove man left me so ill  
I still smell the scent of that paraffin

I'm steadily reaching my peak now  
Be bane bare natjha, bare re nyaka di feature  
My fam said "You'll get it if you kneel down  
And pray to God he's the only one with the keys now"  
He opened doors, TLT got blessed with a deal now  
Wena thula ubheke impilo bayishintsha  
It's a celebration, please pour me the liquor  
I swear to God lana boy akekho ozosithinta, 'Cause  
We 5 minutes from glory  
And all I ever wanted was to tell 'em my story  
Used to sit and wonder, and get caught up in my blues  
But now I sit and wonder how I'm gonna spend all my greens bra, we nice

See I come from a platform that was given to me  
So if I don't share mine it don't make sense  
I had a conversation with Tech  
I had a conversation with Trouble
