The pain you inflicted on the game that you lames have kidded, oh yeah you d

This is that piff this is a bong not a spliff  
This is that "what the fuck is this?"  
This is a kid in [...] bumping Tumi and thinking 'how underrated is this?'  
This is him in his whip bumping me [...] thinking 'how overrated is this?'  
This is the truth and it hurts bathi uk'khuluma works that's why I'm saying

This is frustrating the kids, they don't know whether they love us or love watching us hate and debate about who the greatest here is  
Bet they gon say it's a diss  
This is why I say I'm King, regardless of who makes the list, I've changed  
This is the cost  
This is the God
