You down bad, I really can't be y'all
MP5, can't hit on no respawn
This real life, one vs three, no VR, uh
Send his ass to the E.R. with no breath in his chest, uh
My dawgs throwin' hand signs up just like they was deaf, uh
See through, you got two faces, bitch, like Harvey Dent, uh
Get rich and dump these hoes, yeah, that be my intent, uh

I be paranoid, can't sleep sometimes
Mix some drugs just to ease my mind
Don't need nobody, this green suffice
Shawty wanna suck me with no teeth, oh my
