MTM, hit 'em with the heat  
Bitch, yo' pussy smell like puss  
Nickels and dimes for you  
[?] like a Tonka truck  
Ha, ha, ha, ha

You so pathetic, bullets pop at your head top  
Out lethal weapons, hit your thot like I'm Ralph, I  
Proceed to wreck it, hold the Glock in one hand, fire  
Erase your presence, what it do  
Asses turn to ashes, pull up on him and reduce  
Snorlax leave him lazy, triple Z, I make him snooze  
Mista with that Magnum long nose on it, call it Gru  
Shorty make it clap, I beat her back down like abuse

Eighty-  
six what I whip with a stick on the seat, I really can't slip  
Bayonet equipped underneath my rifle, your body get minced  
M400 Sig, bet this bitch right here could knock off your limbs  
Don't care how you feel, so just stick my dick in between your  
lips

Trap that boy like Charlotte's Webb if he talk to the pigs  
He want smoke with me, lil' boy, be careful what you wish for  
Like my dick when I wake up, I leave your body stiff  
Your bitch strangle dick with her lips like a fucking clinch ho  
ld

Bow down to me, share the view of dogs eyes  
Stick Michael Oher, these bullets hit your blind side  
Fist to his noggin, now his homie cockeyed  
Than a bitch, if you want it too I'll let y'all both die
