OK, OK

Money make lil shorty mouth move just like ventriloquist  
Watch 'em drop dead like tangerines, how we gon' peel his shit  
Demolition, how I beat her walls like Bob the Builder, bitch  
If you need some help to lose your life, I think I will assist  
.358 smear his brains on the pavement  
Tell that bitch "Hush, don't talk," goodness gracious  
Upper cut straight to his jaw, make his face lift  
GTA pull up, five stars, he get wasted

I can't trust a bitch again, shout out to my ex  
Heard his homie dissed, so we gon' check his mate like chess  
Shimmy, shimmy ya dick, make her shake down to her legs  
Careful how you talk, this pistol bark like DMX  
My mind be so sinister, it's death if you test  
Glaze her face like Cinnabon when she get undressed  
All but six familia, RIP the rest  
Damage him, he bandaged up like Eraserhead
