

**HAHA**

**KxllSwxtch**

Over my head  
All I see is clouds  
Raining on down  
On a painted-on smile

Am I see-through now?  
When I need somebody, everybody looks down

Oh well  
I don't need you anyway  
In a crowd, it's an eyesore to look at me

So where the fuck do I belong?  
Where do I go when even my flesh don't feel like home?  
Nowhere  
'Cause nobody really cares  
Staring down the barrel – are you ready or you scared?  
Too late  
Was it worth it in the end?  
Are you happy now? Are you sinking in regret?

Can't say  
But it don't really matter  
You on your way down south of heaven  
And nobody there to catch ya

Ha ha ha ha  
Ha ha ha ha

So where the fuck do I belong?  
Where do I go when even my flesh don't feel like home?  
Not here  
'Cause nobody really cares

Staring down the barrel – are you ready or you scared?  
Too late  
Is it too late for me now?  
Everybody scatter as the blood paints the ground

Tell me  
Is it too late for me now?  
I cry out for help but no one ever hears a sound from me

Will I be a memory  
Or will I be forgot with ease?  
All of these thoughts swallow me  
As it all fades, I grit my teeth

When your feet start to get cold  
And it all crumbles underneath  
Will you regret everything  
Right as your heartbeat starts to flee?

Ha ha ha ha  
Ha ha ha ha
