

## HELP ME IN HELL

KxllSwxtch

Girl, you're so unfair, you left me for dead  
Stuck in despair I'm trapped in your spell  
Your love it feels, like walking on nails  
Nobody hears, so help me in hell

Help me in hell  
Help me in hell  
Help me in hell  
No, help here in hell

Help me in hell  
Help me in hell  
Help me in hell  
No, help here in hell  
No, help here in hell  
My God, you're so selfish, it's clear you don't care  
Well, oh well, oh well

I'm drowning in fear  
Girl, don't help me just stare, while I crawl in my skin  
Well, oh well, oh well  
So, help me in hell

Help me in hell  
Help me in hell  
No, help here in hell  
Help me in hell  
Help me in hell  
Help me in hell  
No, help here in hell
