

## INTO THE FALL

KxllSwxtch

Itching to feel your touch against my skin  
Too long, I've lived my life in regret  
Wonderin', "All this could end."  
Somewhere, better days are ahead

I still, I still, I still won't break  
I still, I still, I still won't-

Break, break, break  
I still won't-  
Break, break, break  
I still won't-  
Break, break, break  
I still won't-  
Break, break, break  
I still won't

Itching to feel your touch against my skin  
Too long, I've lived my life in regret  
Wonderin', "All this could end."  
Somewhere, better days are ahead

I still, I still, I still won't break  
I still, I still, I still won't-

Break, break, break  
I still won't -  
Break, break, break  
I still won't -  
Break, break, break  
I still won't-  
Break, break, break  
I still won't-
