

Lord Of The Flies

KxllSwxtch

(Uh, yeah, uh, yeah, ha, yeah)

Dick by Kxllswxtch

Thousand dollars going once, going twice (Mathias)

Sold to the fat bitch in the back (Yeah, uh, skrrt)

Bye, uh, runnin' from them pigs, I don't fuck with them guys, uh

I'ma make 'em drop dead, feed 'em to the flies, uh

Let my choppa greet y'all if my pistol shy, uh

Hit her from the back 'til my dick touch her spine, uh

Runnin' from the pigs, I don't fuck with them guys, uh

I'ma make 'em drop dead, feed 'em to the flies, uh

Let my choppa greet y'all if my pistol shy, uh

Hit her from the back 'til my dick touch her spine, uh

You get no respect, boy, you apple pie sweet, uh

Won't serve and protect, I don't do the right thing, uh

We'll catch your address, we don't do no typing, uh

Drag 'em by the neck, down the head and sightsee

Glock .9 came with a beam, uh, aim one [?], uh

Bitch, stop talking to me 'cause this dick come with a fee, uh

She do what I say, Mr. Meeseeks

Cum on top of her tongue, she like, "Feed me," uh

Pilin' all the bodies I'm chasing, um, eradicate the human species

When I woke up today, I sold my soul for a pack of Marlboro lights

Black dice and pocket pussy should suffice

I told my momma, "Don't you worry, the wire should hit by tonight"

If I said I got you, then you know that it's for life

Ten years in the game and I ain't doin' this shit twice

I'm sick of the way these bitches look my way so shiesty

I read they mind and I can hear "How that little boy neck stay so icy?"

Might be the only reason that they like me

I traded in my Nikes for a shotgun and killed

Every bully from my high school that got me

Fucked up, embarrassed, feelin' like a fuckin' dump truck

Collected trash, but what happens when that bitch is overstuffed?

Equal opportunity, my hands go left and right

And these bitches get no immunity, buildin' up my community stronger

Guns slingin', wonder who will live longer

My enemies and my partners, gravediggers since toddlers
