

# NIGHTSTAND

KxllSwxtrh

Yeah, uh  
Yeah  
Yeah  
Yeah, yeah, yeah, yeah

Don't act like you care, bitch, I'ma be just fine  
Took a chance with you, I guess I'm not that wise  
Staring in the mirror at the man I despise  
Talkin' to my friends, that's me, myself, and I

Why you filling lies in my head? (Oh yeah, yeah)  
Toss and turn around in my bed (Oh yeah, yeah)  
Loaded pistol on my nightstand (Oh yeah, yeah)  
With a bullet calling my name (Oh yeah, yeah, yeah)

Back n forth sick n tired bitch I'm fed up  
Shorty suck me in the back of the Benz truck  
Took his bitch now he wanna catch a head up  
Toe to toe and if I lose I hope he got a vest uh  
Ain't the one you want to play with  
Parasail with a breeze you catching my drift  
Swiffer shorty wanna clean the spit off my dick  
Gotta little bit a bread n my phone ain't been dry since  
Novocane y'all ain't feeling my pain  
Take his life tryna play with my fate  
Same ones ones tryna plot on my grave  
Be the same motherfuckers wanna smile in my face  
Y'all ain't shit y'all could portray  
Counterfeit y'all Imitate  
Everybody throw stones till it ricochet home  
It don't feel so good when your glass house break huh

Why you filling lies in my head?  
Toss and turn around in my bed  
Loaded pistol on my nightstand  
With a bullet calling my name (Oh yeah, yeah, yeah)

Don't act like you care, bitch, I'ma be just fine
