Super Saiyan, I go off the chain if he run his lips
Bitch, pay me, like Frito-Lays, I'm about my chips
No safety, one in the chamber, the pistol gripped
Call me Dada, then don't call her, just hit once
Boy, shut up, won't do nada, he too puss
No valor, Medal of Honor, my gun buss
At medulla oblongata, he bite dust

I'ma beat his brains in 'til his cranium vacant
Break shit, go fuck up some faces
All black when I'm fitted up like the Matrix
Shut up, bitch, is we fuckin'? I got no patience
Uh, yes, I'm a bastard, don't feel no guilt
Bitch, I do my dirt when I'm laughin', uh

See me up the stick, he panic, uh

Leave his ass leakin', no bandage

Your future grim, no Mandy, uh
Can't stand bitches, they plastic, uh
Tell her, "Give me cheeks," no Sandy, uh
I'ma give her good dick then abandon, uh

No, this shit ain't sweet, uh, bitch, I'll split your cabbage
He gon' need a genie, uh, not talking Aladdin, uh
My dick in her teeth, uh, suck me 'til I'm flaccid, uh
You could have her back, uh, that bitch pussy damaged
