

SOS

KxllSwxtch

Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah

Our time is running out
If I said you could leave, would you still come around
Or make a fool out of me?
And now we're burning out
Without a trace to be seen of me, of me

We lost everything close to home

Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah
Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah

I don't want you feeling too complacent
I can see the torment in your face
Back and forth on multiple occasions
Girl, it's messing with my fucking brain
'Round and 'round, here we go again
What do I do when I did all I can?

We lost everything close to home

Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah
Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah

SOS, SOS, yeah
SOS, SOS, yeah
Yeah, yeah
SOS, SOS, yeah
Yeah

Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah
Late night
How did my heart get caught in your crossfire?
Why do I keep landing on the wrong side?
Girl, you got me screaming out SOS, SOS, yeah

Yeah, yeah
SOS, SOS, yeah

Yeah, yeah
SOS, SOS, yeah
