

VACANT

KxllSwxtch

Cold and vacant
In this space that I'm in, I'm in
I'm achin'
You're so dangerous, toxic, toxic
Come drain me, my friend
Till I'm wastin' away
I been doused by mistakes
Nothing's changed in the end, the end

Am I in? In over my head?
Am I in? In over my head?
Am I in? In over my head?
Am I in? In over my head my head?
In over my head
Am I in? In over my head?
Am I in? In over my head?
Am I in? In over my head, my head?

Am I in? In over my head?
Am I in? In over my head?
Am I in? In over my head?
Am I in? In over my head, my head?
