

Keepers of the Light

Ky-Mani Marley

I pray thee, I pray thee,
Ki-Mani Marley alongside his one and only little brother, yours truly

We're living a battle, and God is on our side,
We're not afraid of losing, (not me)
so we're not afraid to fight
we're fighting for our freedom
we're dying for our rights, yeah
still in my darkest hour, oh dread
I found paradise

So where is the justice (somebody tell me now)
where is the peace you talk about
still living in darkness, (somebody tell me now)
tell me where are the keepers of the light
the light, the light, where are the keepers of the light
the light, the light, where are the keepers of the light

Trapped in this dark place, wish a light would shine on me,
trying to keep my faith, the one thing they can't take from me,
where are the believers who believe in life,
that would risk it all just to do what's right
to fight the good fight, here we go again,
children of the light on you we all depend
and we can make it work for we know what it's worth
why don't you stop the wars from all over this earth

So where is the justice (somebody tell me now)
where is the peace you talk about
still living in darkness, (somebody tell me now)
tell me where are the keepers of the light

[Damian:]

Can you imagine how the place get bright
If all of the keepers of the light got together like Christ
For once people might think twice, and we can live One Love inna real life
Imagine if man live like Christ, or Buddha or Mohammed all the place would n
ice
and not by force by choice, equal rights and love

We are the keepers, we are the keepers, we are the keepers of the light
We are the keepers, we are the keepers, we are the keepers of the light

So where is the justice (somebody tell me now)
where is the peace you talk about
still living in darkness, (won't somebody tell me now)
tell me where are the keepers of the light
the light, the light, where are the keepers of the light
the light, the light, where are the keepers of the light

(somebody tell me now)
